## Aviation Accreditation Board International July 19, 2024

### SUMMARY OF RECENT ACTION

The Aviation Accreditation Board International (AABI) is required to inform the public about its accreditation decisions. One of the ways AABI does this is to provide the public with information about the accreditation decision process, the nature and scope of AABI accreditation activity and the importance and value of accreditation. AABI also provides the public with detailed descriptions of its accreditation policies and procedures by publishing its Accreditation Criteria Manual (Form 201) and Policies & Procedures Manual (Form 225), along with all the AABI forms, on its website: <http://www.aabi.aero/forms.html> (Standard 2.A., October 4, 2021, *CHEA Standards and Procedures for Recognition*).

#### Interim Report:

#### **Mercer County Community College**

The Board action was to accept the institution's responses to Recommendations 1, 5, 7, and 8. An interim report is required, due by January 6, 2025, which provides the evidence specified below for Recommendation 6.

- 6. Reestablish relations with a broad base of industry professionals, to ensure that the current program meets industry needs. Provide evidence that the program, goals, and curriculum have been reviewed by a new Industry Advisory Board or appropriate industry associations and/or professionals in the wider field of the aviation industry (Criterion 2.9.1).**

Provide more detailed evidence that the program, goals, and curriculum have been reviewed by the reestablished Industry Advisory Board. The interim report should include the names, affiliations, and area of expertise of each of the advisory board members, and the minutes of IAB meetings.
